### **Monthly Mindfulness Minutes (MMM) is back!**

This year has been stressful. But stress doesn't have to take over our lives. Simple yet intentional steps can go a long way as we prioritize self-care.

**The Kelly Center invites you to join us for a brief mindfulness meditation on the last Wednesday of every month, Monthly Mindfulness Minutes (MMM).** Join us as an individual, an office, a class, or a department. All you'll need is a quiet space and a willingness to pause your busy schedule for a few moments a month.

MMM will be held on the last Wednesday of every month. We'll begin again this semester on January 27th, at 8:15am. The meditation will last around 20-30 minutes, but please stay as long or as little as

you're able. You can access the live meditation via our recurring zoom link, or listen to the recorded sessions at a later time. The recordings will be posted to the Kelly Center website.

Here is the recurring zoom link: <https://zoom.us/j/96561480413>

We hope many departments and offices will chose to incorporate MMM as a tool for decreasing the impact of stress, depression, and anxiety on our campus. Mindfulness meditation is an excellent way to mitigate the risk of overstress, prevent burnout, and increase productivity. And the benefits aren't only momentary, research has shown meditation to "conclusively and positively change your brain structure." Still not convinced? Check out the following article on the specific benefits companies like Google, Nike, and Apple have seen after incorporating mindfulness meditation:

<https://www.inc.com/marissa-levin/why-google-nike-and-apple-love-mindfulness-training-and-how-you-can-easily-love-.html>

**Tigers, let's lead our students by example as we make our mental & emotional health, and our overall wellness, a priority.** Please direct any questions to Amanda Brown ([amanda.brown@fhsu.edu](mailto:amanda.brown@fhsu.edu)) or Jessica Albin ([jkalbin@fhsu.edu](mailto:jkalbin@fhsu.edu)). Finally, if you would like to receive a recurring Outlook invitation for MMM, please let Jessica know.

### **Outdoor Wifi Available at FHSU!**

Tech Services is excited to announce that Outdoor WiFi is here! Equipment has been installed as of January 2021 to provide significantly faster, stronger WiFi signals in outdoor areas of the main campus. Covered areas include the quad, green spaces around academic/administrative buildings, parking lots, and street parking.

Should you choose to hold classes or meetings outside, you can rely on having a high quality WiFi connection if you want it. Hand-off between indoor/outdoor should be fast and seamless, meaning your MaX UC and video calls won't drop out as you move about campus. Continue the livestream you're watching/broadcasting without missing a beat. Or, if you need a quick connection to the Internet, you can do so in parking lots without leaving your car.

We're excited about the opportunities this offers the campus community, and hope you find it advantageous.

### **Award for Outstanding Undergraduate Scholars**

The Undergraduate Research Experience (URE) Steering Committee is seeking nominations from faculty and staff for the annual FHSU Award for Outstanding Undergraduate Scholars.

The URE Steering Committee offers this prestigious award to recognize undergraduate students who exemplify scholarly activity. Qualities that make a student successful in scholarly activities characterize those same qualities FHSU seeks to develop in students: original thought, creative ideas, communicating with professional colleagues, critical reasoning, analysis of research, translation of evidence into practice, and first-hand knowledge of how work is performed within a professional discipline.

The URE Steering Committee will provide **five** awards, one for an outstanding undergraduate student from **each college**. Nomination letters can come from FHSU faculty or staff, and should be submitted through this website no later than April 1, **2021**. Any FHSU undergraduate student--including KAMS/AMS and FHSU Online students--is eligible. The research project may be from the award year or past years; however, the student must have been an undergraduate student for a minimum of one semester during the award year. The nomination should describe the scholarly qualifications and products of the student--for example, published papers, professional presentations, on-campus research activities, musical/artistic performance, or other novel scholarly activity. The nomination should clarify the role of the undergraduate student in the scholarly activity. The nominator should also include the nominee's CV or resume.

Nominations will be evaluated by a subcommittee of the URE Steering Committee, who will make a recommendation to the full URE Steering Committee. Winners will be recognized during Undergraduate Research Week in April 2021.

For more information, and to submit a nomination, please go to:

<https://fhsu.infoready4.com/CompetitionSpace/#manageCompetitionsDetail/1834465>

Please contact Leslie Paige at [lp Paige@fhsu.edu](mailto:lp Paige@fhsu.edu) with any questions.
